SOUND ARTIST

ABOUT

Metaprose is a moniker of Little Rock based experimental artist and composer Mitch Guthrie. A practice in Antidance Theory, this project is an exploration of sonic landscapes with a unique amalgamation of distortion, noise, and texture.

ASSOCIATIONS & ACCOLADES

Labels:
Scaline Audio
Void Cult Collective
WiddFam
Tenta Collective

Collaborators:
Thysbe
Sherwood
SUBsha
Fabdot
Deadscrolls
Nuan Sonar

Antidance Theory:

"the collapse of movement into mood; a subsonic descent into the unconscious where rhythm dissolves, and noise becomes narrative. In cloaked rooms choked with fog, fractured signals and live dub mutations fracture the club format, replacing spectacle with sensation."

It is not for dancing, it is for disappearing.
